WHY SIGGRAPH?

SIGGRAPH, THE LEADING CONFERENCE FOR COMPUTER GRAPHICS AND INTERACTIVE TECHNIQUES, IS COMING TO WASHINGTON, D.C.

SIGGRAPH is a community of professionals passionate about emerging technologies, research, film production and animation, art and design, and all the spaces in between. Our programming inspires collaboration, pushes boundaries, and welcomes all levels of experience. Whether you are interested in sharing new work or finding inspiration, we encourage you to Think Beyond and be part of our East Coast adventure, 19-23 July, in Washington, D.C.

USE YOUR SENSES TO THINK BEYOND

SEE the latest and greatest experiences in virtual and augmented reality or spatial computing in the Immersive Pavilion and VR Theater.

Get a TASTE of what’s new in computer graphics through a wide variety of educational sessions or hands-on technology demos and art installations in the Experience Hall.

HEAR about advancements in a broad range of topics like graphics rendering, data visualization, adaptive technology, and more.

Get in TOUCH with prospective employers or partners at the SIGGRAPH 2020 Exhibition and Job Fair.

Stop and SMELL the roses (Washington, D.C.’s official flower) in SIGGRAPH 2020’s East Coast home.

SIGGRAPH MAKES HEADLINES
